Dear Incoming Fourth Graders,

Congratulations! In just a couple short months, you will officially be a fourth grader. I am looking forward to a great year! You will continue to build on the skills that you have learned in third grade. We always have a full schedule, so please be ready with the supplies listed on the enclosed supply list.

Make sure to continue to practice basic (0-12) multiplication facts and read every day!

Give this fun website a try <https://mrnussbaum.com/great-american-multiplication-challenge-online> to practice those basic multiplication facts!

For summer reading, please read The Lemonade War by Jacqueline Davies. This is the first book in the series in The Lemonade Wars, we will continue with the second book in the series.

With just five days left of summer vacation, Evan and Jessie launch an all-out war to see who can sell the most lemonade before school starts. As the battleground heats up, there really is no telling who will win—and even more important, if their fight will ever end. ~ Amazon

The five books in this fun-to-read series are: *The Lemonade War*, *The Lemonade Crime*, *The Bell Bandit*, *The Candy Smash*, *The Magic Trap*. ~Amazon

In addition to reading the book, you need to complete either a diorama or poster board of a favorite scene in the book. Below are some examples of projects.

The project is due Friday, 9/16.

Enjoy the summer!

Mrs. Spain ☺

P.S. Since we study New York State and its history in 4<sup>th</sup> grade, I love to hear about your experiences from around the state. If you mail me a note telling me about any fun places you have visited in New York State over the summer (or in the past), including the name of the place or places, you will earn your first BLUE stone, which allows you to pick out a reward on the first day back! I would also love a picture of you and your family at the place or places you write about. If you cannot mail them to me, please bring them with you to school within the first week back. My mailing address is:
